Education

Madanapalle Institute of Technology & Science

B-Tech - Computer Science & Engineering - 86%

.Dec 2021 – May 2025

Angallu, Andhra Pradesh

Sri Vignan Jr. College

Intermediate/XII - 61%

.June 2019 – April 2021

O.D.Chervuvu, Andhra Pradesh

Z. P. High School

SSC/X - 95%

.June 2018 – July 2019

O.D.Chervuvu, Andhra Pradesh

Relevant Coursework / Practical Training

- Manual Testing – STLC, Test Case, Bug Life Cycle
- Automation Testing using Selenium (Java), JIRA

Internship

InternPe Company

June 2023 – Jul 2023

Web Developer Intern

- Developed a portfolio website from scratch, integrated a responsive front-end, improve user engagement and operational efficiency by 30%.
- Streamlined user experience by integrating HTML, CSS, and JavaScript to create adaptive portfolio pages resulted in a 20% decrease inquiries related to navigation issues and improved self-service rates.
- Portfolio is for showcase skills and experience demonstrates your technical abilities, design sensibility, and problem-solving skills through real projects.

Projects

Telephone Directory | C, Data Structures

July 2023

- Developed a robust telephone directory system that allowed for real-time update and mobile access, improving data accuracy for 3,000+ contact and facilitating fastest decision-making for project teams during critical initiatives.
- Engineered a doubly linked list to support Insert, Delete, Display, and Search functionalities; optimized memory usage by 25%, allowing for smoother operation within the existing application framework without additional resources.
- Executed comprehensive testing and optimization of Insert, Delete, Display, and Search operations achieved a 50% increase in data handling efficiency while integrating a Recycle Bin feature, enhancing overall application performance.
- A Data management system that improves file handling for persistent storage, average retrieval speed increase of 40%.
- Engineered an innovative contact management system that incorporated enhanced recovery options, facilitating quicker access to vital information for efficient customer interactions.

Technical Training

Manual Testing & Automation with Selenium (Java)

- Gained hands-on experience in testing concepts like STLC, test case design, test scenario writing, and understanding the bug life cycle.
- Practiced writing and executing test cases and test scenarios based on real-time use cases.
- Performed retesting and regression testing to verify fixed issues.
- Using JIRA for bug tracking, issues assignment, and preparing bug reports for the development team.
- Automated test cases using Selenium WebDriver with Java, simulating real-world QA workflows.

Technical Skills

Languages: Python, Java

Testing Tools/Technologies: Manual Testing, Automation Testing using Selenium with Java, Jira

Data Base: My SQL

Developer Tools: VS Code, Android Studio, Google Colab

Packages: MS Office

Leadership / Extracurricular

Project Expo

May 2024

Team Leader

- Managed executive board of 5 members and ran weekly meetings to oversee progress in essential parts of the event.
- Led Event organized by 7 members to work towards goals that improve and promote community service, and unity.
